Worker Health Protection

# “Dust Kills” campaign

BOHS with its Breathe Freely initiative was a campaign partner of the HSE’s “Dust Kills” campaign to raise awareness of the risks associated with dust exposure in construction. The very successful campaign took place in June and you can find all the relevant videos and materials [here](https://workright.campaign.gov.uk/campaigns/construction-dust/):

# Policy & Consultations

## BOHS provided evidence to the following inquiries and consultations:

- The Department for Work and Pensions Select Committee Inquiry into Plan for Jobs and Employment Support.
- Additional evidence to the APPG on Respiratory Health Inquiry into Respirable Crystalline Silica.
- Content and evidence to support the application of health professional bodies under the COVID Airborne Transmission Alliance heading to have Core Participant Status as part of the COVID Inquiry.

# Annals of Work Exposures & Health

Three issues of Volume 66 were published during Q2 and two issues during Q3 2022

- [Supplement: The 2010 Deepwater Horizon Oil Spill: Exposure Assessment of Response and Clean-up Workers – April](#)
